MIXED WITH PASSION, CURIOSITY & TEAM SPIRIT

Some bars have a drinks menu. We have a team that lives it.

Behind our drinks are people connected by one thing:
the joy of experimenting, of taste – and of sharing a moment together.

Our homemade iced teas, signature cocktails, and Red Bull special cocktails are original creations. Developed as a team, refined again and again, and mixed to be light, balanced, and simply enjoyable to drink.

Derek is our mixology nerd. He's not only interested in how cocktails are mixed, but why. For him, aromas, textures, and balance are conscious choices.

Laurenz translates chemistry into pleasure. He loves analyzing ingredients, combining them, and rethinking them. Together with Derek, he creates drinks that surprise without being complicated.

Krystian is our sunshine. Always in a good mood, always motivating, always right in the middle of things. His energy is contagious – behind the bar and throughout the room.

Martin provides the counterbalance: calm, structure, and a sharp eye for detail. He makes sure ideas are executed cleanly, processes run smoothly, and quality remains consistent.

Alongside creativity, we consciously focus on regionality. We work with people and businesses who share our values – and who are part of the Open World family: H.u.M Hofer Organic Winery, Copperstone Gin, and Enkidus Brewery. Partnerships on equal footing – honest, local, and full of character.

And then there are Kathy and Alois. The founders of Open World met in 2024 over pinball – and grew closer playing StarCraft. What started as a game became a shared vision: creating a place where gaming, enjoyment, and real connection come together. Alois, shaped by the film industry, thinks in images, moments, and community. Kathy brings entrepreneurial clarity, structure, and the belief that enjoyment and well-being belong together.

Open World is their shared passion project:
A place for people. For gaming. For enjoyment. For passion.

Our drinks reflect exactly that:
honestly mixed, homemade, regionally inspired – and served with genuine joy.

TRY YOUR WAY THROUGH. MAKE YOURSELF COMFORTABLE. FEEL TRULY WELCOME.
